Works Notification – No15**

Advanced Warning of Road Layout Change - OUTSIDE SCHOOL

The road network outside the school will be changed again on Monday 29th October.

All incoming traffic will stay as it is including access to the school drop off and car park areas. All outgoing traffic will leave site on a new temporary road that will be constructed to exit the development. This is to enable road works to take place in readiness for the construction of the Apartment Blocks on the Kesteven Way side of the roundabout. The new layout will look like this.
